**To Whom It May Concern:**

It is with great delight that I put forward this testimonial on behalf of **Sheldon Roothman, LLB**. Sheldon is the Labour Attorney to our business entity – The Marion On Nicol Hotel, Johannesburg, South Africa. He has served and still serving, in this capacity for close to two (2) years. It is of important note, to state herein that we've had Attorney worked for us before Sheldon, and without any iota of doubt, he has stood out among the lots.

Professionalism in service delivery is a rare attribute among service providers, these days, but in the case of Sheldon, he exhibited this at all times he's called upon to address any matter on our behalf. Another special attribute I must not failed to mention, is his timeliness in the provision of helpful information to our Management. This was well pronounced during this very difficult period of COVID-19 pandemic. Every information required for us to be in good stand with our employees and the labour law, were not only promptly provided, but he also actively participated in coming up with the right solution to navigating the challenges that came our way during the period.

In conclusion, I'm pleased to put on record that Sheldon possesses the right set skills and character to assist you or your organization in the capacity described herein. I can be reached via telephone no. +2348023430790 or email: [taiwo.biodun@ripeageconsultants.com](mailto:taiwo.biodun@ripeageconsultants.com) , should you wish to talk to me personally about our experience.

Thank you

TAIWO ABIODUN  
Project Coordinator  
The Marion On Nicol Hotel, S.A
